JULY 2008 ... come inside and warm up your winter

A whale of a gift!

These new fat whale shaped plush items are popular. While plush is often purchased for children, these whales are popular with adults buying for adults. Our mission is to find the unusual so that the gifts you give can be truly unique.

Welcome to my place, make yourself at home...

Sophie.

Toorak shop update

Work has commenced on building our new shop in Toorak Village, Toorak. We hope to open by late August.

Great gifts for dog lovers

Dog lovers and friends of dog lovers drool over these cute ceramic figurines. They are popular gifts. Many dog breeds are covered. It is their eyes which you notice first, they make you melt with their adorable looks.

A thank you card is lasting appreciation. Sophie.

A visit from Sophie Randall

A mum and her four year old daughter came to the counter at our Melbourne Central store to say hello. The cute four year old was Sophie Randall. It was great to meet another!

New Christening cards

We have found a new range of Christening, Baptism, Confirmation and Name Day cards for those very special occasions. We also have a wonderful range of gifts for these occasions.

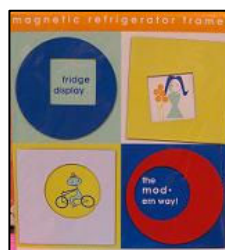

Save money buying cards from us! Sophie.

A heat pillow to warm up your winter

This Willow and Finch heat pillow is popular now that the colder weather has arrived. Beautifully made, the heat pillow makes for a good gift or a treat for oneself. A quick zap in the microwave and the pillow can warm you on a cold winter's night.

Fun with fridge magnets

Be sure to check out our new range of magnetic frames we have. They make photos and art more stylish on your refrigerator door or elsewhere in the house. We have various sizes available.
